

C.O.M. ORDER INFORMATION

C.O.M. IDENTIFICATION

Please send a marked sample of the fabric with your order for identification and application. C.O.M. fabrics must be side marked with dealer name, PO # and item number the fabric is to be applied.

APPLICATIONS OF C.O.M.

Application of fabric, including pattern or direction, placement of seams and choice of face side will be determined by vanPeursem unless specifically indicated on your order.

INSPECTION OF C.O.M.

Please inspect your C.O.M. Fabric before sending it to us. It is the customer's responsibility to confirm correct pattern, dye lot, color number, yardage amount and to check for defects.

RESPONSIBILITY OF C.O.M.

VanPeursem cannot be responsible for wearability, dye lot variation and defective C.O.M.

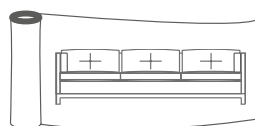

C.O.M. YARDAGE REQUIREMENTS

All C.O.M. yardage requirements are for railroaded plain 54" wide upholstery fabric. Please use the chart below as a guide in estimating extra fabric needed.

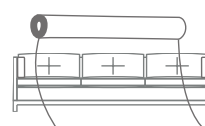

C.O.M. YARDAGE CHART

C.O.M. CHART INFORMATION

The C.O.M. chart shown is provided as a guide only. This chart is proven accurate in the majority of C.O.M. requirements. Fabrics with a 27" side by side repeat, irregular layouts, border prints and unusually large patterns will need additional yardage. For patterns with one repeating motif centered in the middle of the width of the fabric, the yardage shown for 36" wide material must be used. Should you require exact yardage for any vanPeursem furniture, please request yardage requirements by sending us a full width sample and style number to which it will be applied.

MULTIPLE MATERIALS

If using more than one fabric, please contact customer service for yardage requirements and up charge.

STRIPES & VELVETS

All stripes will be applied vertically unless otherwise specified by customer. Due to the "nap" of velvet goods, it is necessary to add 10% to plain yardage required. Velvets will not be railroaded unless specifically requested.
